

# LEADING EDUCATIONAL ATTAINMENT FOR FAMILIES SPONSORSHIP BENEFITS

## THE PROGRAM

[Leading Educational Attainment \(LEA\) for Families Initiative](#) has been equipping Orange County families since 2004 to help their children navigate the road to higher education and a successful future. For families new to the school system in California and the United States, the 10 Education Essentials for Families workbook empowers families to be the best advocates for their children's education, preparing them for their future—whether it's attending community college, a four-year university or career education. Through a collaborative effort led by [Orange County Business Council](#) (OCBC), local businesses and the education community are committed to this initiative that prepares Orange County's workforce from where it all begins—at home.
